### 3. ClickBank

---

ClickBank is the “OG” of affiliate marketing programs and has been around since the earliest days of the internet. Product Types of ClickBank’s focus tends to be more on niche e-books, online courses, and e-courses, although they have expanded into some physical goods as well. ClickBank pays some of the highest commissions out there because we know that quality marketing is worth paying for. ClickBank works with their product creators to set the most competitive revenue possible, up to 75%.

**Revenue** given by ClickBank is up to \$75 per sale.

### 5. Amazon Associates

---

Amazon has the largest affiliate marketing program with products from more than 1.5 million sellers. Amazon's affiliate is the easiest to use platform. Being an associate is simple! You advertise a qualifying Amazon product on your website or social media page using a tagged link and when one of your viewers, readers, family or friends follows that link to Amazon and buys something, you may earn up to 10% of that product's revenue in advertising fees.

**Revenue** given by Amazon Associates is up to \$2-\$10 per sale.
